OBJECTIVE

I am a Computer Science student who is passionate about using programming as a tool to provide efficient solutions to real world problems. My desire to express my passion and skills has led me to participate and win prizes in various Intercollege, State level and National Level technical events. I have also published a Techincal paper internationally titled 'Security system based on Sclera Recognition' in the IRJET journal. My areas of interest include: Artificial Intelligence, Data Science, Blockchain, Software Development.
